

Fredonia Hill Baptist Academy Family Handbook

MISSION STATEMENT

The mission of Fredonia Hill Baptist Academy is to glorify God through excellence in education. This is achieved through an accelerated Biblically-based curriculum and daily Bible studies to understand the Christian view and develop God-given talents and abilities within the plan God has for us.

PHILOSOPHY

Our goal is to prepare each child to reach his own potential for success in school and life. Christian studies, doctrine, and faith help us to motivate the children in their achievement, behavior, and work habits.

Academically, we work to build a solid foundation of fundamental skills in Language and Mathematics for our students, adding on a priority basis, all other areas of instruction and creative experience which will bring the knowledge and understanding they need. We prepare complete, organized coverage of all subject matter appropriate for each grade level upon which the parents can depend.

Our aim is to develop students who:

- * Appreciate and value themselves as a creation of God
- * Enjoys school and respects teachers
- * Look upon school as their present daily occupation
- * Strive to do their best
- * Exhibit self-control
- * Are prepared for what we know is their next step in life
- * Have an opportunity to advance beyond their grade level
- * Can read and write their language

Our methods are generally teacher-centered with whole-group instruction because, for all appropriate subjects this method simply accomplishes more in less time toward scholastic achievement. We do individualize and give opportunity for individual acceleration. We maintain structure and routine for a better learning atmosphere.

We are recognized by the local public schools for transfer purposes, on the basis of reliable, annual testing and student performance.

SCHOOL HOURS AND ATTENDANCE POLICY

Attendance: Classes begin at 8:00 A.M. for all students. Students are expected to attend each designated school day. Students who are late will be marked tardy. The State of Texas requires students to have a 90% attendance rate in order to be eligible for promotion. Students that have accumulated more than the allowed number of absences may present a written appeal to the Principal. This request will then be taken to the school board for consideration.

Excused absences are given for personal illness, death, family illness, or an emergency within the family. A note must be submitted to the office upon the student's return with an explanation. Students are expected to assume full responsibility for all class work missed.

Parents are required to contact the office when children are absent or need to be dismissed during school hours for doctors' appointments, or for any other reason. Parents must meet students in the school office. If someone other than the parent picks up students for an appointment or after school, the school office and the classroom teacher must receive notification from the parent in writing or by phone. If the teacher does not know the person picking up a student, the person must show some type of identification and the teacher or an office staff member must call the parent before allowing the student to leave with a person who is a stranger to the faculty and staff of the school.

Students should not arrive on campus before 7:30 A.M. The school will not assume responsibility for any student arriving before 7:30 A.M. since no staff member will be available to monitor students until 7:30 A.M.

If a parent is repeatedly late picking up a child a late fee will be charged.

Dismissal for Inclement Weather or Emergency:

Fredonia Hill Baptist Academy follows the decisions made by the Nacogdoches Independent School District. For information regarding inclement weather school closures or delayed starts, parents/guardians are encouraged to listen to news media announcements. Do not assume schools are closed or dismissed early unless a specific notification is made to that effect. In case of early dismissal because of hazardous weather or school closure or delayed start, FHBA will notify parents by email, Facebook, or by a text. Please watch local news and follow NISD guidelines.

If student withdraws prior to the fulfillment of contract, the undersigned is required to pay 50% of the remaining tuition. All accounts must be paid in full before any students records will be released to another school. FHBA reserves the right to terminate this contract at any time by waiver of the remaining tuition due.

TRANSFER OF NEW STUDENTS

When a child transfers to Fredonia Hill Baptist Academy from another school, arrangements must be made to have test scores and other records forwarded from the previous school before admission to Fredonia Hill Baptist Academy is finalized. A form for this purpose is available in the school office. Original copies shall be provided for students transferring from the school or graduating from the school.

TESTING INFORMATION

Incoming Kindergarten students and above must participate in a screening evaluation administered by the school's principal. Fredonia Hill Baptist Academy provides a somewhat more advanced curriculum than is typically obtained in the public sector. Parents must also provide report cards and achievement test scores from previous years. All children in grades Kindergarten and above will be given the Stanford Achievement Test in the spring. Test results are helpful to the teachers in planning the instructional program for the following school year. These test results are discussed with the parents during spring conferences.

STUDENT PROMOTION GUIDELINES

Parents will be notified any time during the year if their child is not progressing socially or academically. There will be four reporting periods at approximately nine-week intervals for students in Pre K 4-8th grade. Decisions regarding retainment and promotions will be made based upon student performance, maturity level of child, input from the child's teacher and consultation with the Principal. If a recommendation is made to retain a child, the parent then has the option to either adhere to that decision in order for their child to remain enrolled or their child's enrollment will be terminated.

SCHOOL'S RIGHTS FOR PLACEMENT AND STUDENT DISMISSAL

The right is reserved, because of limited space and the purpose and philosophy of the school, to choose from among applicants who are most likely to profit from the school's advanced curriculum. The school shall have the absolute right in its discretion to require the withdrawal of a student if that child does not meet the school standards and requirements of conduct, behavior, and academic achievement. When more than one section of a grade or age level exists, the administration reserves the right to arrange classes which seem to be beneficial to the nature and ability of the individuals.

PARENT TEACHER ORGANIZATION (PTO)

The Parent Teacher Organization is designed to facilitate better participation of parents and better communication among parents, teachers, and administration. The PTO President of the organization calls meetings. The group assists the school in many ways including fund-raising and holding special events. All extra-curricular activities sponsored by the PTO which involve parents and students will be attended on a voluntary basis. All such activities must be coordinated with the Principal. The president of the PTO will provide a monthly report of activities to the Academy Board.

PARENT TEACHER CONFERENCES

Parent-Teacher Conferences are held each semester and at other times when necessary. At the fall semester conference, the topic of discussion concerns the direction that social or academic progress may take given the performance of the child early in the school year. Plans to help the child perform well throughout the rest of the year are made during this conference. A spring conference is scheduled at the conclusion of the Stanford Achievement Tests, and all parents are invited to schedule a time to conference with their child's teacher. Additional conferences are scheduled as needed. The principal may attend any conference if requested by either teacher, or parent, or if the principal judges it necessary. The teacher, principal or parent may request a conference at any time. Parents are requested not to interrupt any teaching situation or to expect teachers to interrupt their normal teaching routine for conferences. Parents are requested to phone the school office to leave a message for the teacher to call back to arrange an appointment time. Children attend conferences only if requested by the parent, teacher or principal. The parking lot, hallway, or lunch room are not appropriate places to hold conferences. Teachers are instructed to hold conferences in a private area. Therefore, it is highly likely that a teacher may decline to comment when a parent spontaneously solicits information in a non-private area. When a teacher requests a private area to conference, this request is made in the best interest of the parent and of the child. Such a request is in keeping with school policy.

Telephone Conferences:

Phone conferences are acceptable according to the guidelines set down by individual teachers. If a call is made at a time that is inconvenient for the teacher, the teacher is expected to note that fact and to arrange for a more convenient time. As a matter of school policy, the teacher is not obligated to speak to parents about classroom difficulties at times when full attention cannot be given to the problem or at times when the privacy of the parent or child may be compromised.

GRIEVANCE PROCEDURES

In the event of a grievance, the grieved party is to follow these steps and maintain a Christ-like attitude during the process.

1. The grievance should begin with the individual(s) with the grievance scheduling an appointment to meet with the teacher or staff member involved. The grieved party should meet with the teacher or staff member first to calmly discuss the matter. In almost every instance, polite dialogue can bring a solution. If a teacher is confronted by a parent in a rude manner, the parent will receive a warning from the principal.
2. If the grievance is not satisfactorily resolved at that level, the grieved party should schedule an appointment with the principal to calmly discuss the matter. At this point the grieved party should not have further contact with the teacher individually about the matter and work to resolve the matter with the principal.
3. If the grievance is not satisfactorily resolved at that level, the grieved party should schedule an appointment through the school board president and meet with the grievance committee of the school board. The FHBA school board grievance committee will listen to all parties involved in the grievance and vote on a course of action. Testimony may be presented in both written and oral form by the parties involved with the grievance. The grievance committee decision will be final.

The board reserves the right to ban a parent, guardian, or relative from the school campus due to disruptive behavior.

FHBA School Board Grievance Committee

The FHBA school board president and two school board members will comprise the grievance committee. The committee will be activated when a grievance has not been satisfactorily resolved at the teacher/staff level and the principal level but not before such levels have been used to try to resolve the grievance. The committee will hear testimony from the relevant parties involved with the grievance (i.e. parents, students, and principal) either in writing or oral form in order to vote on a decision to resolve the matter.

HOMEWORK

Homework Defined: Homework consists of practice of skills presented in class, study for tests, and reading for practice and for pleasure. Learning new skills is not given as homework.

Length of Assignments: Teachers attempt to give assignments that are of reasonable length for the grade level of the students. Students may have additional working time at home, if classroom assignments need to be completed at home. At times, special projects may require additional time. It is difficult to place exact time limits on homework and maintain an effective and flexible learning experience. Learning often takes hard work.

Excessive Homework: Various factors affect the amount of time children spend on homework. These factors may include but are not limited to: the amount of unfinished class work that must be completed at home, the speed at which children work, the motivational level of children, and the number of self-imposed interruptions or outside interruptions that occur while children work on homework assignments. What appears to be excessive homework is often due to the work habits of children. If children are truly experiencing difficulties understanding concepts, the teacher may individualize homework for a child. Parents should conference with their child's teacher if difficulties arise. A plan to help the child can be made.

General Guidelines:

1. It is the student's responsibility to complete all homework.
2. Parents should check their student's folder daily to see if they have homework.

GRADING POLICY

Late Work: Points will be deducted for assignments turned in late.

Tests: Test retakes are generally not permitted. If students are experiencing difficulties with particular concepts, the teacher will establish an individual plan of action with the child.

Folder Checks: Teachers send home graded work regularly throughout each grading period. Parents are encouraged to look carefully at the work contained in these folders.

Enrichment Classes: Technology, Music, P.E., and Spanish are integral parts of the curriculum. Student performance will be evaluated and graded with as much seriousness as the core academic subjects. Each individual enrichment teacher will determine the manner of evaluation and grading.

REPORT CARDS

Frequent communication with parents concerning academic progress and conduct is important. Four reporting periods are planned, at intervals of approximately nine weeks, for students in pre-kindergarten and above. Three-week progress reports are sent to parents in intermediate grades in the middle of a grading period. Parents, however, may be notified in writing at any time during the year if a child is not progressing adequately academically or socially.

EMERGENCY DRILLS AND OTHER SAFETY ISSUES

As required by state law, the Fire Marshall inspects buildings annually. Periodically, emergency drills are held. Children are instructed in the proper procedures to use in case of any type of emergency. The guidelines used are those recently established by the Federal Emergency Management Agency (FEMA).

All visitors, including parents, are required to check in at the school office before visiting any area of the school.
